## GRSI opens Central U.S. regional office located in the Dallas-Fort Worth Metroplex.

*GRSI's CEO Steve Martyn announced today that GRSI has officially opened its new Central U.S. regional office in Dallas-Fort Worth, TX.*

**Conshohocken, PA, 1/1/2008** – GRSI's CEO Steve Martyn announced today that GRSI has opened a new Central U.S. regional office located in the Dallas-Fort Worth Metroplex. Expanding from its headquarters in Pennsylvania and regional locations in Arizona and Oregon, GRSI will now be able to supplement support to its clients with a physical presence.

Since 1987, GRSI (Glen Road Systems, Inc.) has been servicing businesses in need of warehouse integration solutions. GRSI's FasTrak<sup>®</sup> warehouse control system (WCS) and order management system (OMS) automates, integrates, coordinates, and controls a broad range of warehouse functions. GRSI has implemented many integrated systems with 24x7x365 technical support from its headquarters in Conshohocken, PA.

Martyn states, "Dynamic growth and customer requests have led to this expansion. Additionally, more staff and sites will soon follow."
